

**79NORTH ANNOUNCES NON-BROKERED
PRIVATE PLACEMENT FOR UP TO \$1.0 MILLION**

***NOT FOR DISTRIBUTION TO U.S. NEWSWIRE SERVICES OR FOR RELEASE, PUBLICATION, DISTRIBUTION OR
DISSEMINATION DIRECTLY, OR INDIRECTLY, IN WHOLE OR IN PART, IN OR INTO THE UNITED STATES***

TORONTO, ON – July 23, 2021 – 79North Inc. (CSE: JQ; OTCQB: SVNTF; FRA: 6120) (“**79North**” or the “**Company**”) is pleased to announce a non-brokered private placement of up to 6,666,667 units of the Company (the “**Units**”) at a price of \$0.15 per Unit for aggregate gross proceeds of up to \$1,000,000 (the “**Offering**”). Each Unit will consist of one common share of the Company and one-half of one common share purchase warrant (each whole common share purchase warrants, a “**Warrant**”). Each Warrant will entitle the holder thereof to purchase one common share of the Company at \$0.25 per common share for a period of three years following the closing date of the Offering.

Patrick Sheridan Jr. has indicated his intention to subscribe as a lead order for the Offering. Jon North, President & CEO of the Company, commented: “We welcome Mr. Sheridan as a strategic shareholder of the Company. This is an exciting time for 79North as we continue to ramp up our exploration activities and commence drilling at the Nassau Project.”

It is expected that the net proceeds from the Offering will be primarily used for exploration activities at the Company’s properties in Suriname, and general working capital purposes.

Any securities to be issued under the Offering will be subject to a hold period of four months and a day from the closing date of the Offering in accordance with applicable Canadian securities laws and such other further restrictions as may apply under foreign securities laws.

It is anticipated that insiders of the Company may participate in the Offering. By virtue of their participation, the Offering would constitute a "related party transaction" under applicable securities laws. The Company expects to release a material change report including details with respect to the related party transaction less than 21 days prior to the closing of the Offering, which the Company deems reasonable in the circumstances so as to be able to avail itself of potential financing opportunities and complete the Offering in an expeditious manner. As the related party transaction will not exceed specified limits and will constitute a distribution of securities for cash, it is expected that neither a formal valuation nor minority shareholder approval will be required in connection with the Offering.

About 79North Inc.

79North, is led by a team with extensive mineral exploration expertise and a track record of discoveries and exits in South America and globally. 79North currently holds an indirect interest in mineral concessions in northern Suriname and aims to become the premier junior exploration company in this under explored district of the prolific Guiana Shield. 79North’s growing portfolio of high-quality targets which have not undergone modern exploration or drilling have a long history of artisanal mining and are strategically located in close proximity to modern gold mines operated by major mining companies. 79North is a mineral exploration company focused on the acquisition, exploration, and development of properties for the mining of gold and other minerals.

FORWARD-LOOKING INFORMATION

This news release contains “forward-looking information” within the meaning of applicable Canadian securities legislation. Forward-looking information includes, but is not limited to, information with respect to the Offering and the use of proceeds of the Offering. Generally, forward-looking information can be identified by the use of forward-looking terminology such as “plans”, “expects”, or “does not expect”, “is expected”, “budget”, “scheduled”, “estimates”, “forecasts”, “intends”, “anticipates”, or “does not anticipate”, or “believes” or variations of such words and phrases or state that certain actions, events or results “may”, “could”, “would”, “might”, or “will be taken”, “occur”, or “be achieved”. Forward-looking information is based on the opinions and estimates of management at the date the information is made, and is based on a number of assumptions and is subject to known and unknown risks, uncertainties and other factors that may cause the actual results, level of activity, performance or achievements of 79North to be materially different from those expressed or implied by such forward-looking information, including risks associated with the exploration, development and mining such as economic factors as they effect exploration, future commodity prices, changes in foreign exchange and interest rates, actual results of current production, development and exploration activities, government regulation, political or economic developments, environmental risks, permitting timelines, capital expenditures, operating or technical difficulties in connection with development activities, employee relations, the speculative nature of mineral exploration and development, including the risks of diminishing quantities of grades of resources, contests over title to properties, and changes in project parameters as plans continue to be refined as well as those risk factors discussed in 79North’s public disclosure documents which are available on SEDAR at www.sedar.com. Although 79North has attempted to identify important factors that could cause actual results to differ materially from those contained in forward-looking information, there may be other factors that cause results not to be as anticipated, estimated or intended. There can be no assurance that such information will prove to be accurate, as actual results and future events could differ materially from those anticipated in such information. Accordingly, readers should not place undue reliance on forward-looking information. The Company does not undertake to update any forward-looking information, except in accordance with applicable securities laws.
